## Overview

Highlight and Cadence Group form our SBA-Approved Mentor-Protégé partnership, Cadence Group Federated. Classified as a WOSB, our partnership specializes in mission essential Records, Information and Knowledge Management, Library Services, Programming, Data Analytics, and Visualization, Web Services, and Professional Services across the federal sector.

## Capabilities

### Records, Information, & Knowledge Management

Our team understands how to organize, protect, automate, maintain compliance, and reduce waste when it comes to our customer's electronic and physical information.

### Data Analytics and Visualization

Our team understands how to streamline, create, and distribute impactful data reporting to enable organizational decision making.

### Library Services

We deliver content creation, data analytics, and organization to ensure efficiency through assessments, research, technology solutions, cataloging, and archiving.

### Web Services

Knowing Web design is ineffective without understanding the users, our team utilizes user-centered design, data analytics, information architecture and more to deliver the best web experience.

## Dedication to Quality

Quality ensures we deliver the best product, drive efficiency, manage stakeholder engagement, and identify opportunities for innovation. We derive our best practices across our seven industry certifications from ISO, CMMI, PMBOK, and more.
